Subject index

A

Abdomen, lower, reconstruction using anteromedial thigh fasciocutaneous flap, 633
Ablepharon macrostomia syndrome (case report), 410
Adenoma, pleomorphic, of salivary glands, 177 *Aeromonas hydrophyla* from medicinal leeches, antibiotic sensitivities of, 649
Aesthetic surgeons, 98
Amniotic bands and congenital limb ring-constrictions, 45
Anaesthesia, topical, in split skin grafting, 533, 539
Areola, nipple-areola prosthesis, 586
Arteries, long microvenous allografts in rabbits, 52
Atriopeptin, effect on microvascular blood flow, 147

B

Baldness, male pattern, tissue expansion and flaps, 154
Benzo-pyrones in treatment of lymphoedema, 20
Blood flow, microvascular, effect of CGRP and atriopeptin, 147
Blood vessels, microsurgically repaired, patency rate and histopathology in avulsed vessels, 509
Bolus tie-over "pressure" dressings in management of full thickness skin grafts, 28
Bone
  formation, periosteum and, 528
  grafts, revascularisation, assessment of, 262
  scintigraphy, sequential evaluation, in revascularised bone grafts, 262
Brachycephaly, floating forehead operation, 1
Breast
  irradiated, use of latissimus dorsi musculocutaenous flap following recurrence of cancer, 41
  reconstruction
    after super-radical mastectomy, pedicled latissimus dorsi flap and free TRAM flap, 361
    custom-made nipple-areola prostheses, 586
    free lower transverse rectus abdominis musculocutaneous flap, 500
British Association of Aesthetic Plastic Surgeons, 98
Bryant, Thomas, 75
Burns
  penile, early excision, 644
  reconstruction using fasciocutaneous flaps, 150

C

Calcitonin gene-related peptide (CGRP), effect on microvascular blood flow, 147
Cartilage, preservation in Cialit, 408
Cervicofacial flap, 470
Cialit preserved cartilage, 408
Cooper, Sir Astley, 74
Cork City, history and development of plastic surgery service, 206
Craniofacial surgery, complications, 608

D

Delay phenomenon in relation to flap width and ischaemia, 389
Dermatofibrosarcoma, upper abdominal recurrent, bilateral turn-table rectus abdominis musculocutaneous flaps, 322
Dr Steevens' Hospital, Dublin, evolution of plastic surgery, 200
Dupuytren's disease of foot in children, 313

E

Ear lobe, torn, reconstruction, 174
Ears
  constricted, simple direct correction, 619
  replantation, 496
EMLA in split skin grafting, 533
Epidural sympathetic block, additional, in microvascular surgery, 37
Epigastric flap, deep inferior, in phalloplasty, 165
Eyelids
  skin graft after release of scar contracture, silicone gel sheet tie-over (ideas and innovations), 325
  upper lid loading in treatment of lagophthalmos caused by facial
  paralysis, 369

F

Face
  cervicofacial flap, 470
  complications of craniofacial surgery, 608
  paralysis, innervated trapezius flap, 344
Fasciocutaneous flaps
  anteromedial thigh, in reconstruction of lower abdomen and inguinal region, 633
  burn reconstruction, 150
  posterior interosseous island, 221
Feet, Dupuytren's disease, 313
Fibula transfer, blood supply from anterior tibial vessels, 451
Finger pulp reconstruction with free sensory medial plantar flap (case report), 657
Fingertip reconstruction, step-advancement island flap, 105
Flexor tendon repair, device to induce exercise following, 187
Forearm
  flaps, radial *see* Radial forearm flaps reconstruction, ulnar island flap, 349
Forehead, floating, 1
Free flaps
  analysis of 200, 33
  vascularisation using long synthetic microvascular grafts, 305

G

Groin reconstruction
  after inguinal lymphadenectomy, using tensor fasciae latae musculocutaneous flaps, 366

using anteromedial thigh fasciocutaneous flap, 633
Guy's Hospital, Three Great Guys, 74

H

Hands, reconstruction
ulnar island flap, 349
using free serratus anterior muscle transplantation, 639
Hirudo medicinalis see Leeches
History
evolution of plastic surgery, Dr Steevens' Hospital, Dublin, 200
history and development of plastic surgery service in City of Cork and Province of Munster, 206
The legacy of the giants (Gillies Memorial Lecture 1985), 588
mesh grafting, 209
Mount Vernon Centre for Plastic Surgery and Jaw Injuries, Northwood, Middlesex, 83
Queen Victoria Hospital, East Grinstead, 422
Three Great Guys, 74
Hodgkin's disease from intraglandular lymph node in parotid gland (case report), 92
Humby, Thomas Graham, 76

I

Iliac bone, free, in reconstruction of hard palate, 143
Interosseous flaps
posterior
fasciocutaneous, 221
osteocutaneous, 228
Island flaps
posterior interosseus
fasciocutaneous, 221
osteocutaneous, 228
step-advancement, for fingertip reconstruction, 105
ulnar, hand and forearm reconstruction, 349
V-Y subcutaneous, technique of undermining to maximise advancement, 62
venous dorsal digital, 337

J

Jejunal
flap, in hard palate reconstruction, 143
microvascular grafts
intraoral mucosal reconstruction, 521
in reconstruction of mandibular defects, 138

L

L-shaped flap for triangular skin defects, 628
Lagophthalmos, upper lid loading in treatment of, 369
Laser assisted microvascular anastomosis, 378
Latissimus dorsi muscle
musculocutaenous flaps
expanded (case report), 319
use following recurrence of cancer in irradiated breasts,41
pedicled flap, in breast reconstruction after super-radical mastectomy, 361
Leeches, antibiotic sensitivities of *Aeromonas hydrophyla* from, 649
Limbs, congenital ring-constrictions, 270
amniotic bands and, 45
Lip-shave, reconstruction of vermilion after, 68
Lips
cleft, assessment of support for parents of newborn cleft babies, 614
reconstruction of half of skin of upper or lower lip, 544
Lymphoedema
obstructive, microlymphatic bypass in, 475
treatment with benzo-pyrones, 20
upper limb, tonometry in assessment of, 399

M

Macrostomia, with ablepharon (case report), 410
Mandible reconstruction
after excision of large benign lesions, 251
with metallic prostheses and microvascular jejunal autografts, 138
Mastectomy, super-radical, breast reconstruction with pedicled latissimus dorsi flap and free TRAM flap, 361
Melanoma, malignant
familial, 316
tumour thickness: limitations of frozen section, 403
Mesh grafting, history, 209
Microvascular
anastomosis
comparative study of artery cuff and fat wrap, 278
continuous suturing technique, 506
laser assisted, 378
patency, remote sepsis and, 395
surgery
additional epidural sympathetic block, 37
significance of resection length on patency rate and histopathology in microsurgically repaired avulsed blood vessels, 509
suture tying technique (ideas and innovations), 95
Mortality risks in plastic surgery, 660
Mount Vernon Centre for Plastic Surgery and Jaw Injuries, Northwood, Middlesex, 1931–983, 83
Mouth
intra-oral mucosal reconstruction with microvascular free jejunal autografts, 521
intra-oral reconstruction in oral cancer using bipaddled, retrograde radial forearm flap, 354
Munster Province, history and development of plastic surgery service, 206
Muscle flaps
rectus abdominis, scrotal reconstruction, 190
temporalis, versatility, 118
Muscles, venous territories, anatomical study and clinical implications, 569
Musculocutaneous flaps
external oblique, for reconstruction of lumbo-sacral defect (case report), 551
latissimus dorsi
expanded (case report), 319
use following recurrence of cancer in irradiated breasts, 41
rectus abdominis
bilateral turn-table, 322
transverse, in breast reconstruction, 361, 500
tensor fasciae latae, to reconstruct skin defects after radical inguinal lymphadenectomy, 366

N

Nerve grafts, blood supply and nerve regeneration, 298
Nipple-areola prosthesis, 586
Nose, cleft lip, aesthetic considerations in repair of, 593

O

O-(β-hydroxyethyl)-rutosides in treatment of lymphoedema, 20
Osteocutaneous flaps, posterior interosseous, 228

P

Palate
  cleft
    assessment of support for parents of newborn cleft babies, 614
    repair, 234
    surgery, assessment of speech results, 488
    tadpole flaps in closure of palatal fistulae, 485
  hard, reconstruction using free iliac bone covered with jejunal flap, 143
Parents of newborn cleft babies, assessment of support for, 614
Parotid gland, Hodgkin's disease from intraglandular lymph node in (case report), 92
Penis, burns, early excision, 644
Pentoxifylline augmentation of skin flap survival, 515
Perichondrial free graft in repair of subglottic stenosis (case report), 652
Periosteum, osteogenic capacity, 528
Phalloplasty
  using deep inferior epigastric flap, 165
  using free radial forearm flap, 160
Plagiocephaly, orbital expansion in, 16
Plantar flaps, free sensory medial, in finger pulp reconstruction (case report), 657
Plastic surgery, mortality risks, 660
Prostheses, nipple-areola, 586

Q

Queen Victoria Hospital, East Grinstead, history of, 422

R

Radial forearm flaps
  bipaddled retrograde, for reconstruction in oral cancer, 354
  direct closure of donor defect, 358
  use in phalloplasty, 160
Rectus abdominis muscle
  muscle flap, scrotal reconstruction, 190
  musculocutaneous flaps
    bilateral turn-table, for upper abdominal recurrent dermatofibrosarcoma, 322
    transverse *see* transverse rectus abdominis musculocutaneous flaps Ring-constriction syndrome of limbs, 270
  amniotic bands and, 45
Rokitansky syndrome, artificial double vagina in, 194

S

Salivary glands, recurrent pleomorphic adenoma, 177
Scalp reconstruction, subcutaneous pedicle flaps, 255
Scars, squamous cell carcinoma in, 197
Scrotum, reconstruction with rectus abdominis muscle flap, 190
Seagull flap for simple complete syndactyly, 548
Serratus anterior muscle, free transplantation for hand reconstruction, 639
Silicone gel sheet tie-over for skin graft on eyelid after release of scar contracture (ideas and innovations), 325
Skin
  flaps
    axial expanded and unexpanded, in pigs, changes in area and thickness, 284
    axial expanded and unexpanded, in pigs, comparative viability, 294
    survival, effect of parenteral pentoxifylline, 515
    venous, an experimental study and report of 2 clinical distal island flaps, 132
  grafts
    board, improved design (ideas and innovations), 327
    full thickness, bolus tie-over "pressure" dressing, 28
    squamous cell carcinoma in donor site (case report), 417
  marking (ideas and innovations), 554
  split skin grafting using topical local anaesthesia, 533, 539
  squamous cell carcinoma
    presenting as painful scar, 197
    in skin graft donor site (case report), 417
  triangular defects, L-shaped flap, 628
Soft tissue expansion, complications, 239
Speech following cleft palate surgery, assessment of, 485
Stress, mechanical, effect on tissue repair, 182
Subaxillary pedicled falp, 169
Submandibular gland excision, gustatory sweating following, 420
Sutures
  continuous suturing technique, 506
  suture tying technique in microsurgery (ideas and innovations), 95
Sweating, gustatory, following submandibular gland excision (case report), 420
Syndactyly, seagull flaps for, 548

T

Tagliacotian
  Aesthetic surgeon, BAAPS, and the case of Serge Lifar, 98
  Reflections on anaesthesia in plastic surgery, 441
Tattoos, treatment with trichloracetic acid, 112
Temporal muscle and fascial flaps, versatility of, 118
Temporo-parieto-occipital flaps in treatment of male pattern baldness, 154
Tendons, flexor *see* Flexor tendons
Tensor fasciae latae musculocutaneous flaps, to reconstruct skin defects after radical inguinal lymphadenectomy, 366
Thigh, anteromedial fasciocutaneous flap in reconstruction of lower abdomen and inguinal region, 633
Thumb, reconstruction by posterior interosseous osteocutaneous flap, 228
Tibial artery flap, anterior, type III, reverse-flow, 624
Tissue, soft *see* Soft tissue
Tissue expansion
  complications, 239

latissimus dorsi musculocutaneous flap, 319
small volume expanders with an external valve, 373
in treatment of male pattern baldness, 154
Tissue repair, effect of mechanical stress, 182
Tonometry in assessment of upper extremity lymphoedema, 399
Tracheal stenosis, repair with free periochondrial graft (case report), 652
Transverse rectus abdominis musculocutaneous (TRAM) flaps, free, in breast reconstruction, 500
after super-radical mastectomy, 361
Trapezius flap, innervated, in facial paralysis, 344

U

Ulnar island flap in hand and forearm reconstruction, 349

V

V-Y subcutaneous island flaps, technique of undermining to maximise advancement, 62
Vagina, artificial double, in Rokitansky syndrome, 194
Vasodilator peptides, 147
Veins
long microvenous allografts in rabbits, 52
use of long synthetic microvascular grafts to vascularise free flaps, 305
Venous
dorsal digital island flap, 337
skin flaps, an experimental study and report of 2 clinical distal island flaps, 132
territories of muscles, anatomical study and clinical implications, 569

W

Wound healing, effect of mechanical stress, 182

Z

Zygomatic arches, absence in ablepharon macrostomia syndrome (case report), 410
